One - Night - Only Chest Campaign Here Next Thursday

Porchlights to Greet Workers Seeking Funds

The Community Chest campaign in Lemon Grove is going to be a one-night-only drive for funds.

The event will take place next Thursday evening. All volunteer workers are to meet with Chairman Dr. James C. W. White, at the Woman's Club house at 7 o'clock to receive their kits and assignments.

Householders are asked to have their porchlights on and the solicitors will call only at the houses that invite them with a light. These volunteers are your neighbors and friends. Won't you please co-operate by making a contribution and helping them reach their goal.

Following the coverage of the community, the volunteers are to return to the club house to make reports. Refreshments will then be served.

The Business Women's League is taking care of the business district, and is already at work.

Snyder Undergoes More Operations

Burt Snyder, who had his left arm mangled in an auto accident on October 5, underwent surgery on the hand and arm Friday a. m. at Mercy Hospital.

Every bone in his hand was broken and many of the bones had double fractures. Fractures were all set by the surgeons, and they have hopes of saving the tips of the fingers.

The bones of the forearm were wired in such a manner that Mr. Snyder was encouraged that he may have full use of the arm, if the muscles are developed.

Mr. Snyder was brought home Monday, although he is suffering intensely. He has displayed a lot of courage and fortitude. His many friends are wishing him a speedy recovery.

Cash Register Pillered at Carr's

The cash register at Carr's Hardware, 7558 Broadway, was broken open Thursday night or Friday morning and a small amount of cash stolen.

The miscreants evidently made provision for entering the store after closing hours as the wash room window had been tampered with.

First Refrigeration Lessons in Panama

Bob Browne got his start in the refrigeration business in Panama back in the thirties, he told the Kiwanis Club Wednesday noon.

He was living in the Canal Zone at the time, working as a day laborer, when his boss transferred him to the refrigeration department of a Navy installation. He was a civilian employee, knowing nothing of refrigeration, nor did the other men on the job.

Being ambitious, he sent to New York for a book on refrigeration and began to study up on it, with the result that he has continued to follow that trade.

He operates Browne's Refrigeration and Washer Service at 3282 Main St.

Three new members were inducted into the club this week—Rev. John Chandler, pastor of the new Presbyterian Church; Jerome Walter, of Walter's Jewelry and Tom Warburton, of Helix High School.

H. E. DEDRIK ILL

Harry E. Dedrik, 1647 Bakersfield, popular Boy Scout worker, has been very ill at home with heart trouble. The first part of the week he had a touch of virus pneumonia, but that has cleared up. He still is not allowed to have visitors, but wants the Review to express his thanks to the many friends who have sent cards and flowers.

NEW ADULT CLASS

A class in Income Tax and Accounting, meeting every Tuesday night from 7:30 to 9:30 in room 9 at Grossmont High, will be started November 20 by the Adult Education department. Nathan L. Steel Available for Local Schools

This week the Lemon Grove School District received a priority number and the necessary steel allocation for the completion of schools and additions now under construction. The many individuals and organizations in the Lemon Grove community who wrote letters to Washington, D. C., urging the issuing of these vital allocations are to be thanked for the active and decisive part they played in the obtaining of these allocations which will hasten the completion of the school buildings so badly needed in this fast growing district.

Legislators from this district, including Senators Richard Nixon and William F. Knowland and Representative Clinton D. McKinnon, were active in securing the allocations for the San Miguel School, the Monterey Heights addition, and the proposed Lemon Grove Intermediate School.

The building program in Lemon Grove District is progressing according to schedule. The Golden Avenue School is now occupied, and the Vista La Mesa addition will be finished shortly after the first of the year. San Miguel School should be ready for occupancy in April, and extra classrooms in Monterey Heights will be available to students at the beginning of the new term in the fall of 1952. The new Intermediate School plans are now on the drawing boards and will soon go to Sacramento for final approval and allocation.

SAN MIGUEL CHAPTER, O.E.S.
The annual election of officers of San Miguel Chapter, O.E.S., U.D., will be held next Wednesday evening in Friendship Hall. Presiding will be Mrs. Perma Braly, W.M., and Tom Parsons, W.P.

Music Parents Seek Funds for New Uniforms

Sixteen new members were welcomed to the Music Parents Club at the meeting Monday evening, with Mrs. Forrest Baxter presiding.

Anytime the Lemon Grove School Band to the Mother Goose Parade in El Cajon Saturday; also the Pom Pom marching unit of 40 girls under direction of Miss Donna Dryer, local physical education director.

The group will also assist with the Christmas concert to be given by the band, orchestra and glee club in Friendship Hall on Dec. 12 and 13. Mrs. J. W. Mulder is chairman of ticket sales for the concert.

Mrs. Robert V. Balch accepted the chairmanship for the rummage sale to be given Dec. 6, 7 and 8 in the Grove Shoe Store, 3504 Main. Parents and friends are asked to donate any saleable items for the sale. For pickup or information call Mrs. Baxter, H 6-5321 or Mrs. Cabral, H 6-6319.

The club will need to raise over \$600 for new uniforms for the band and is most desirous of purchasing badly needed instruments. Uniforms now worn by the band are now faded and cannot possibly be used another year.

The band, under the leadership of Harold Lutz, is a credit to Lemon Grove Schools and community. The band appears in many affairs in other cities and Lemon Grove will not fail to have its band properly attired.

A large part of the new Helix High Band is made up of former Lemon Grove students.

The body was brought to San Diego and graveside services were held in Holy Cross Cemetery forenoon by the Rev. Fr. Reily of St. John of the Cross.

Evelyn Marie Greenastel was born in Brooklyn, N. Y., on December 26, 1923. She came to Riverside in 1943 and had spent the past 3 years in San Francisco, where she was employed in the Civil Service commission. Local People Killed in Arizona Crash

Tragedy struck this community again early Sunday morning when two cars met head-on on Highway 80 near Deming, New Mexico.

Mr. and Mrs. Robert J. Blankenstein and son Ray, 4334 Harvard St., and Mrs. R. L. Podsednik and son Raymond, 8, 3244 Acacia St., were in a car driven by Mr. Blankenstein, returning from a visit to their parental homes in Texas. All in that car were killed except Raymond Podsednik, who is in a Deming hospital with a fractured leg.

The car going east was driven by Homer Brown, 25, who was injured, as well as Laura Brown, 16, and Francis Brown, 14. Killed in that car were Virgil Brown, 25, Donna Brown, 2, and Homer Brown, Jr., aged 1.

The Arizona police thought that Brown must have dozed at the wheel.

Mr. Blankenstein, 35, and his wife, 31, had lived here 5 years, coming here from Dallas, Texas. They were active members of Vista La Mesa Christian Church, the P.T.A. and of San Miguel Chapter, O.E.S. Mr. Blankenstein belonged to the Masonic Lodge in Dallas.

SCANNING THE WEEK'S NEWS of Main Street and the World

Congress Goes Home After Passing \$5.6 Billion Tax-Increase Measure

CONGRESS—Members of the first session of the 82nd congress have deserted Washington and will, between now and January 8 when the second session convenes, try to convince the people of the home towns of their great achievements. The fact remains, however, that the record is not too good and the prospects for the second session, because it will meet during a presidential election year, are even worse.

The congress spent week in the MacArthur hearings, the Kefauver crime inquiry, probes into subversive activities and corruption in government. Most of the important legislation enacted dealt with foreign affairs while the domestic field was nearly forgotten. There was no civil rights progress; no marked advance in the Hoover plan for government reorganization, excepting reform of the R.F.C.; civil defense remained a stepchild; needed amendments to the Defense Production Act were neglected; statehood for Alaska and Hawaii remain undecided.

The congress set another mark, the longest unbroken session of any peacetime congress since 1913-14, with the senate in session 172 days and the house 163. The senate adjourned after 7,927 pages of the congressional record and the house 6,003 pages. And during the session 180 public laws and 338 private laws were enacted.

In the dying hours of the session the house and senate enacted three bills authorizing the spending of \$13,000,000,000, all aimed at strengthening the security of the U.S. at home and abroad. It swelled to \$95,000,000,000 the appropriations passed during the year, of which \$60,000,000,000 was for defense purposes.

TAXES—President Truman signed the \$5,600,000,000 tax-increase bill, one of the last measures passed in the first session of the 82nd congress, and on November 1 the average home towners will begin to pay it. Besides increases ranging from 11 to 12 per cent for most taxpayers, excise taxes go up on a long list of items including liquor, gasoline, and household appliances. Bigger income and excess-profits taxes are in store for some industries.

The President, however, was very definite in his opinion of the increase measure. To begin with, he felt it was not enough (he had asked for \$10,000,000,000 and indicated he would ask congress in January to improve the tax law. He criticized it as containing too many loopholes and in some respects providing additional means by which wealthy individuals can escape paying their proper share.

He also criticized the Jenner rider permitting states to publicize relief rolls without losing their share of federal social security allotments. This, he said, is quite unrelated to the purpose of raising revenue and "may well result in unwarranted publicity and personal indignity and unhappiness for aged people and others receiving public assistance."

THE POWDER KEG—The Middle East has become the powder keg which may blow the world into World War III. Since ordering the British out of the Suez canal zone and the Sudan, armed clashes have occurred between forces of the two countries. Egypt has ordered general mobilization of man power in wartime fashion and the British have reinforced their canal forces with troops, planes and warships.

The Egyptian crisis is a manifestation of the growing fever of nationalism in the Moslem states which started when Iran nationalized its oil industry and kicked the British out. But unlike the Iranian question, the Suez and its safety is of vital importance to the free world. On the surface Egypt would seem too weak to throw the British out, but the west fears a series of incidents that could set the entire Middle East aflame.

Should the crisis reach to point of open warfare between the two countries the Communists can be expected to step in and World War III could start at any moment.

VATICAN ENVOY—President Truman nominated Gen. Mark W. Clark, chief of the Army Field Forces, to be the first United States ambassador to Vatican City. American diplomatic relations with the Vatican, which had been terminated by act of congress in 1867, were resumed twelve years ago by President Franklin D. Roosevelt.

Since early 1950, however, there has been no diplomatic relationship with the Vatican and President Truman's nomination of Gen. Clark was unexpected.

Because of considerable criticism concerning the move, the President announced several days later he had decided not to carry out diplomatic representation at the Vatican until congress has acted on the controversial issue. Congress will probably take the matter under consideration shortly after it convenes January 8.

FEDERAL DEFICIT—The government has operated in the red this year. Next year it will go even deeper in the red and nothing that congress has done or economies will prevent it.

Expenditure for the fiscal year 1952 will amount to approximately \$70 billion, it is estimated. Receipts will amount to \$63.7 billion, leaving a deficit of \$6.3 billion.

In the fiscal year 1953 expenditures will amount to an estimated \$85-90 billion while receipts will total \$66.6 billion. This leaves about \$18.4-\$23.4 billion deficit.

Congress is not likely to increase taxes next year because it is a presidential election year, most observers believe. The only way to cut down this deficit would be to reduce defense spending and foreign aid. There may be some cut in foreign aid, but little, if any, in defense spending. The "pay-as-you-go" policy expounded by the administration seems extremely remote at this time.

Oblivious to the passage of U.N. and Communist investigators, two Korean women employ ancient flails to thresh grain on their farm near Kaeson so their families may eat. And while the harvest scene was taking place across war-torn Korea, Allied and Communist negotiators were scheduled to resume peace talks at the small village of Panmunjom. Whether the renewed talks would bring peace was another question. Many Allied officials believe that Moscow and Peking have been shadow boxing and will continue to do so until they can make up their minds on just what to do—peace or all-out war. Meanwhile, fighting continues in Korea with a marked increase in air activity. One air battle involved nearly 250 Allied and Communist jets, history's greatest jet battle.

UNDISMAYED BY SCANDALS

Philosopher Says U.S. Morals Unchanged

Home towners across the nation who have been depressed at the increasing reports of moral decline in the country can relax according to one of America's greatest thinkers. Dr. John Dewey, dean of American philosophers and father of the progressive education system, says the nation's morals are not worse than they have ever been.

The distinguished educator, who is 95 years old, did see a weakening in family relationships. Any decline in morality of youth, he said, can be blamed on parents and not the schools, government leaders, or religious teachers. As for the West Point cribbing scandal and "fix" cases, he said, "As far as I can judge it's very much the same from one period to another."

LEADS BRITISH FORCES . . . Commander-in-chief of British forces in Egypt is Lieutenant General Sir George Erskine. He broadcast a warning to his troops saying, "Be ready to protect yourself. We are not looking for trouble, but we shall deal with it firmly . . ."

SPY . . . Charles Davis, Pasadena, was convicted by a Swiss federal court on charges of spying for Senator Joseph McCarthy. He testified that he sent a wire to U.S. diplomat John Carter Vincent to discredit Vincent as a Red.

NO THIRD BIG LEAGUE . . . Washington Senators' owner Clark Griffith tells committee investigating baseball monopolies there is little hope the Pacific coast league will become a third major league, because it "just is not big enough."

FARLEY SAYS NIX . . . James A. Farley says he would refuse the chairmanship of the Democratic national committee "even if it were offered to me." He has been proposed as Truman's number one choice to succeed William M. Boyle, Jr.

BANDIT FROM MARS . . . Unmasked by death is the Los Angeles man-from-Mars supermarket bandit. A reporter poses in garb worn by Ray Colson. Colson was fatally shot while holding up a market recently.

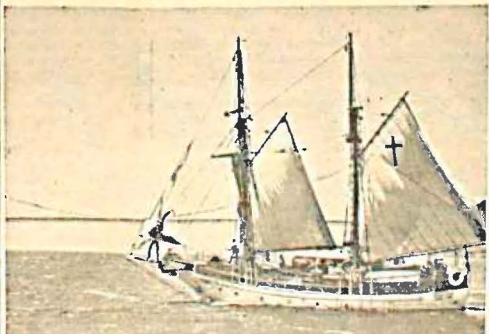

DISPUTANTS SHAKE HANDS . . . Iranian Premier Mossadegh (left), who urged the security council to toss out Britain's oil nationalization complaint, shakes hands with Sir Gladwyn Jebb, chief British U.N. delegate, at conclusion of a security council session at Flushing Meadows, N. Y. The 72-year-old Iranian premier said his nation will not negotiate with the British over the oil wells, but will consider a deal to sell the British oil if they want to buy it.

FOOTBALL CASUALTY . . . Mr. and Mrs. John Higgins of Houtsdale, Pa., watch over their son, John, Jr., 17, the first major grid casualty in western Pennsylvania this season. The quarterback, resting in an oxygen tent following brain operation in St. Francis hospital, Pittsburgh, has been unconscious since he crashed head-on with another player in the Houtsdale high school-Cooper high school football game recently.

TENNIS PLUS BASEBALL . . . Tennis star Nancy Chaffee, 22, and Ralph Kiner, 28, Pittsburgh Pirate outfielder and national league home run king, were married recently in Santa Barbara, Calif. Hank Greenburg, general manager of the Cleveland Indians, was best man. The couple left for a two-weeks' honeymoon in Acapulco, Mexico. They plan to live in Pittsburgh during the baseball season.

MISSION SCHOONER . . . Jesuit missionary Father William Rively, Altoona, Pa., recently completed a 4,200-mile voyage in the Romance, 45-ft. schooner. She carried Father Rively of the New York province, with a crew of five, from San Francisco to his mission at Truk in the Caroline Islands. Rively was a landlubber until his superiors in the mission told him to return to the States and buy a boat for the mission. With no money and knowledge of boats, he fulfilled mission.

Plot Strategy

A MAN who wasn't there—General Eisenhower — was the main topic of discussion at a meeting of Taft-for-President advisers in Washington recently.

Cincinnati's Ben Tate, head of Standard Brands and a top Taft backer, made it plain that Taft forces will throw the book at Eisenhower if he enters the GOP presidential race.

Remarkable the usually jovial Tate: "If the general gets in the campaign, he'll have to take it like any other candidate. Just because he's been in uniform doesn't give him any immunity from the searching cross-examination of voters."

"In fact," continued Tate, "I've met Republicans who said they had information about the general that should be made public. I didn't discuss it with them, but I know Republicans generally want to know whether he really belongs to the party, and where he stands on issues that are important to Republicans."

The question was also raised as to whether Eisenhower is really a candidate.

"I understand," remarked Dave Ingalls of Cleveland, who is Taft's cousin, "that he has the bug."

This caused Senator Taft to remark that the general sent word to him that the only thing that concerned him about the presidential election was his program for Europe. "He indicated," continued the senator, "that if he had assurance of a reasonable degree of independence in formulating policies for the defense of Western Europe, he would not interfere in the campaign and election."

Smear Campaign

Senator Taft probably doesn't know this, but some of his cohorts already have launched the smear-Eisenhower campaign hinted at by Ben Tate.

First attempt to scare the general out of the presidential primaries came from Westbrook Pegler last week when he reported Ike's alleged flirtation with an English WAC during the war, and warned that President Truman would use this to wipe up the general.

Actually, certain Republicans, not Truman, are more likely to use this against Eisenhower. In fact, they've already started. It happens that Truman and Eisenhower not only are friends, but Truman was deeply grateful to Ike for staying out of the 1948 race when Ike could have had the Democratic nomination for the asking.

So if Eisenhower really wants to run this time, it's a fairly good bet that Truman won't. Meanwhile, the Westbrook Peglers and other smear-Eisenhower artists might look up the below-the-belt tactics used against Grover Cleveland. They elected him.

Jessup and Ike

Those who watched the senate hearings on Ambassador Philip Jessup detected a smear-Eisenhower undertone in that proceeding also. For Jessup is a Columbia University professor who not only served on Eisenhower's faculty, but received a letter from Ike defending him against the McCarthy pre-Communist attack.

Seated across the table from Jessup during the senate hearings was a Republican who has vowed to stop Eisenhower and who has staked his entire political future on Taft—Owen Brewster of Maine.

It was Brewster who led the attack on Jessup inside the senate committee.

Stassen's Memory

Senators who listened to Harold E. Stassen stumble through the Jessup hearings say that Stassen apparently didn't count on the State department releasing the full, secret transcript of the round-table conference over far eastern policy.

Stassen testified, for example, that Jessup brought up the question of recognizing Communist China on the third day of the conference, and that the State department came out in favor of recognition. The actual transcript, however, shows that the question of recognizing Communist China was brought up, not by Jessup but by the State department's Charles Butterworth, not on the third day but the first day. Furthermore, Butterworth set forth the State department's position clearly, which was against recognizing the fled regime.

Boyle Partner

It was Maine's courageous Sen. Margaret Chase Smith who first asked the Huey committee to investigate a key associate of Democratic ex-Chairman Bill Boyle.

In a senate speech she said: "I suggest that the subcommittee call Mr. Daniel J. Hanlon and ask him if he was in any way connected with the legal controversy with the government over the American President line." Hanlon was a former law partner of Boyle.

It's Wonderful the Way Chewing-Gum Laxative Acts Chiefly to REMOVE WASTE —NOT GOOD FOOD

Here's the secret millions of folks have discovered about FEEN-A-MINT, the modern chewing-gum laxative. Yes, here is why FEEN-A-MINT's action is so wonderfully different!

Doctors say that many other laxatives start their "flushing" action too soon — right in the stomach where food is being digested. Large doses of such laxatives upset digestion, flush away nourishing food you need for health and energy. You feel weak, worn out.

But gentle FEEN-A-MINT, taken as recommended, works chiefly in the lower bowel where it removes only waste, not good food. It speeds the typical weak, tired, worn-out feeling. The FEEN-A-MINT and feel your "happy," energetic self! (See FEEN-A-MINT No. 1000 for full details—still 25¢, 50¢ or only 10¢.)

Sherwin is New President of S. D. Gas & Electric

Emery D. Sherwin, vice president in charge of operation was named president of the San Diego Gas and Electric Company, October 22 by action of the board of directors, L. M. Klaunder, chairman of the board and chief executive officer of the Company, has announced.

A. E. Holloway, now president, after 41 years' service with the Company, will retire November 1 in accordance with the provisions of the organization's retirement plan. He will, however, continue to serve on the board of directors of which he has been a member since 1912.

Holloway started with the utility as a salesman in 1910. One of his first jobs was connected with the Company's initial extension of service to the rural areas in 1911 when ten miles of line were installed from La Mesa through El Cajon to Santee. Ever since, one of his primary interests has been the extension of electric service to the whole of San Diego County. This objective has now been successfully accomplished. Holloway has served in many capacities with the Company. In 1911, he was appointed manager of new business, commercial superintendent in 1921, and vice president in charge of sales in 1932. He assumed the presidency in 1949.

An active participant in community affairs, Holloway has served as president of the San Diego Chamber of Commerce and as a member of its board of directors for 14 years. He also organized the San Diego County Development Federation, the Electric Club of San Diego, and the Bureau of Home Appliances of San Diego County. Sherwin's association with the San Diego Gas and Electric Company dates back to 1915. Since then he has served in many phases of the utility's business, namely as chairman, draftsman, clerk, surveyor, inspector, assistant superintendent of electric transmission and distribution, assistant superintendent of electric production and assistant to the general superintendent. In 1932, he was appointed assistant general superintendent, then general superintendent in 1941, and finally vice president in charge of operation in 1944. He has been a member of the board of directors since 1944.

Sherwin has participated widely in community activities. He has served as a director of the San Diego Chamber of Commerce, and the San Diego-California Club. In World War I, Sherwin served as a first lieutenant in the Corps of Engineers, United States Army. During World War II, he was a member of the War Manpower Commission and of the Disaster Council of the City of San Diego. Currently, he is a member of the Utilities Policy Committee of the State Civilian Defense organization, the San Diego School Retirement Board and the San Diego Employer's Association.

Well-known in the electric industry, Sherwin has recently been elected president of the Pacific Coast Electrical Association.

At the same board meeting, Harold A. Noble was elected vice president in charge of operation succeeding Sherwin. Noble is also a long-time employee of the San Diego Gas and Electric Company, starting in 1925. He, too, has served in many capacities including construction engineer, assistant superintendent of electric production. He has been serving as general superintendent since 1947.

Unblotch Control
To tell if avocado parent stock infected with sunblotch virus disease the University of California citrus experiment station is now running inoculation tests on seedlings. Using healthy budding

stock is the best way to control this disease, says plant pathologist J. M. Wallace.
Young avocado seedlings are budded with the stock to be tested. If the virus is present in the buds sunblotch symptoms will usually show up in two to four months on the seedlings. Yellow or light-colored streaks on the bark are the most consistent symptom of this disease.

CLEM WHITAKER, Jr.

Leaving a last burst of oratory on taxes to echo throughout the corridors of the Nation's Capitol until another session, America's Congressmen have adjourned for the year to return home and see what reaction their actions for the year had on the public.

The box score the electorate has to mull over is considerable. The 82nd Congress was a record-breaker. It appropriated \$8 billion dollars—more than any other peacetime Congress in history!

Taxes, too, hit the ceiling—the highest level in history!

Scandals, the atom bomb, the MacArthur ouster, the Korean War, a hydrogen bomb—Congress dealt with them all.

The money, the billions of it, went principally toward national defense. Congress voted 61 billions for defense and 10 billions for allied activities. The Air Force is to be boosted in size from 90 groups to 140. The Marines will have added three divisions and three air wings. The Navy will build super-carriers.

Along the military line, agreement in principle was reached upon universal military training. All signs point to further congressional battles before UMT is finally voted, however. Congress investigated alleged Communist influences in government. General MacArthur's ouster, the Bureau of Internal Revenue and the RFC, among other things. It is predicted by

many observers that the investigations of the Internal Revenue will continue.

On the domestic front, Congress put the Fair Deal in a deep freeze. Compulsory health insurance, federal aid to medical education, federal aid to education, the St. Lawrence Seaway—item after item of Welfare State program found disfavor in Congress' eyes. The Congress was basically a conservative one. While Democratic in name, conservative Southern Democrats and Republicans were in control and clamped down hard on grandiose domestic spending programs.

A price and wage control program of sorts was passed by the lawmakers; \$7,500,000,000 in foreign aid, mainly for military purposes, was approved; guarantee to the States of title to their tidelands was not resolved; Alaska and Hawaii were not granted Statehood; and States were permitted to open up relief rolls for public scrutiny.

Under the guiding hand of Senator Robert A. Taft, the Taft-Hartley Act was revised to allow a union shop without an election.

Money-wise, the 89 billion dollars appropriated by the Nation's lawmakers was just a shade under the World War II average annual expenditure of 93.7 billion dollars. These are the things on which the public will judge their congressmen. The verdict won't come in until 1952.

If any proof were needed that most Americans don't view a United Nations police action with the same fervent patriotism so evident when their country was openly engaged in declared warfare, the present sad status of the Treasury's saving bond sales program should provide it.

During World War II, every plant and office was a retail outlet for the Government's IOU's. Series E bonds, for individual savers, were the hottest selling item in the land.

Today, according to reports in financial periodicals, the Treasury Department's campaign to sell E bonds to the public is

Lemon Grove School News

Lemon Grove School

New officers for Mr. Purves' sixth grade class are Jerry Glazebrook, president; Mary Telles, vice president; Carol Up-ton and Jane Carlson, room monitors; Mary Lou Monette, room decorator; Sharon Cassel, librarian. They will hold office during the month of November.

Janet Baxter is the new chairman in Mrs. Holmquist's sixth grade with Cecelia Rojas, vice chairman. Carolyn Randall wrote the following report on the recent trip the class took to the Museum of Man in Balboa Park.

"Our sixth grade went to the Museum of Man to see a display of masks from many countries. Many of these odd masks and headresses were from British Columbia, Canada, which we are now studying in school. Some of the masks were used as we use false faces, but many did not cover all the face, and other masks were not worn on the head at all but were carried on long poles. Other interesting masks were made by Indian tribes of this country, both in the East and the West.

In another part of the museum we saw an outrigger canoe made of beach driftwood and covered with sealion skin. A birch bark canoe from Canada and a dugout boat found drifting in the Pacific near San Diego are also on exhibition there.

Mrs. Vionne Kallis and Wm. Lemke accompanied us on the trip to Balboa Park."

Football play-offs have been completed in the seventh and eighth grades at the Lemon Grove Intermediate School.

Coaches T. Erogan and I. Petersen announced that first place in the eighth grade went to Captain Ronnie Svalstad and his teammates, John Clark, LeRoy Fishbeck, Pete Kinyon, Grant Ballantine, Jack Pinkerton, Bobby Herrera, Jim Wolf.

Second: Captain Eugene Westmoreland, Melvin Ostberg, Charles Galt, Charles Kramer, Billy Westphal, Billy Vinson, Larry Westfall, Robert McGowan.

Carlos Valdez headed the third place team with Captain Jerry Milner's team capturing fourth position.

Seventh grade victors: Captain Dean Brower, Keith Jensen, Harry Griffin, Roy Bottin.

Keith Havens, and Bob Madison. Second: Captain Tom Heltzel, Johnny Bonilla, Jim Gettis, Jim Mathews, John Hurtzig, and Bill Elkins. Captain Jim White took third place and Captain Henry Cook steered his team to fourth place honors.

Mrs. Mason's second grade children made a trip to a San Diego fire station to learn more about the fireman and fire protection. They went by school bus, supervised by Mrs. Mason and Mrs. Brandt, room mother. This group also visited the Lemon Grove fire station and were happy to find out that we have a very good fire department.

The children were well impressed with our new fire trucks and how they are used for our protection.

These second graders are very happy in their beautiful new school building on Lemon Ave.

Golden Avenue School

The following members of the new, enlarged California School Safety Patrol will be the guests of John van Gilse at his Grove Theatre Saturday afternoon: Gary Calvert, James Herrera, Ward McMakin, Roger Hoppe, William Hodgins, Roger Slagell, Keith Hall, Jimmy Dial, Jerry Waddie, Ken Hill, Paul Jernigan, Joe Stone, and Brian Van Gund; also School Safety Mike Adams and Lee Burch.

Class officers for Mr. Strawn's 4th grade are Janet Hodge, president; Daleane Domas, vice president; and Jeannie Bagrie, secretary.

New Teacher: Mrs. Mary Coulter, a graduate of Texas College of Arts and Industries in Kingsville, Texas, joined the staff of the Golden Avenue School as kindergarten teacher this week. She will instruct the new, ninth kindergarten opened in the district. Mrs. Coulter is at present in Room 9, p. m. session.

Monterey Heights School

The second grade children, with Mrs. Alice See, teacher, visited a San Diego fire station last week to learn first hand more about firemen and their equipment. This is one phase of the class study of community helpers. Mrs. Barry LaZelle, Mrs. Harold Whilldin and

Henry By Carl Anderson

Mrs. James Postman accompanied the class on the trip. Karen Wrede, of Mr. Poluzzi's fifth grade class, held a farewell party at her home, 1764 Dayton Drive, for Patty Gould, a classmate, who left last week for Minnesota. Guests were Karol Rife, Sherry Garcia, Deanne Hagen and Sandra Nichols. Today, November 8, is Sherry's birthday.

Lemon Grove PTA

Mrs. Ruth Pedler, local librarian, will be the speaker at the Lemon Grove School PTA meeting next Thursday when the group meets at the school cafeteria at 7:30 p. m. Topic for the evening will be "Our Children—Their Need and Use of the Community Library." Classroom displays will be featured. Refreshments will be served by the 3rd Grade Room. Representatives with Mrs. J. M. Hopper, chairman.

Mail Gifts to Korea Before Nov. 15

Are you wondering what to send to G. I. Joe in Korea? Here is a list of practical gifts sent by a man in service over there as printed in the Stars and Stripes, Armed Forces newspaper:

Pictures, Bathing suit variety preferred.
Special meats, such as pepperoni, salami and such.

Films. The kind that actually fits his camera.
Canned chicken, turkey, fruit cakes, boiled shrimp, lobster paste, olives, cheese, spreads, pickles and soups. But go light on sardines, tuna and fruit cocktail.

Such hardware items as cigarette lighters, but no cigarettes; hunting or rugged pocket knives; ball-point pens, pipes, but no pipe tobacco and pocket-type flashlights with some extra batteries.
Just follow that pattern, say the boys, and you can't go wrong. By all means, they ask, do not send money—most of the stores are closed, having been blown into rubble.

Be sure to mail packages to military personnel overseas before November 15 to assure delivery on time. Ask your postmaster for further information.

Rev. and Mrs. LeRoy Elster and family attended the dedication of the new Lutheran Missionary Church at Montebello on Sunday. They visited friends in North Hollywood and on Monday visited new mission churches and returned home Monday night.

Mrs. H. Irving Vernier, Mrs. A. P. Schnell and Mrs. Ted Haaf attended the meeting of Women's Clubs in San Diego on Tuesday. Mrs. Haaf also attended a reciprocity tea at the Julian Women's Club on Wednesday.

Veepess Is Named Homemaker of Year

When Mrs. Aileen W. Barkley was given the first annual award as outstanding homemaker of the year by the Home Fashions League of Washington, it was no idle gesture. She may have her calendar pad chock full of important engagements these days, but she certainly knows the score when it comes to homemaking.

When she tells you how to give prized furniture a lustrous patina, you can be sure that she knows. She herself has lavished faithful and loving care on her own treasured pieces, cleaning them, waxing them—and even rubbing the smooth surfaces with the palm of her hand.

When she talks of luscious food, it's not merely because she relishes it. She knows how to turn it out to a gourmet's glee.

And when she speaks of colors for painted walls, of bright chintz-

es for deeply comfortable furniture, she's thinking in terms of the harmonious color schemes of her home in Kentucky and her apartment in Washington. Both are furnished in impeccable taste with treasured antique furniture. Both contain rare silver and chinaware, beautiful Oriental rugs, fine prints and decorative accessories that add distinguished character to the livable rooms.

Free Press Key Reason for Our Greatness

Speaking before the San Diego Realty Board today, William K. Shearer, candidate for the 77th Assembly District, lauded a free press as a key reason for America's greatness today. "A free press, and freedom of speech largely separate the American system from totalitarian dictatorships," he stated. "Long before radio, television, and movies had made their appearance on the American scene, the press of the nation was making our American system work by reporting the news, giving the people the facts with which decisions could be made," Shearer stated. "Today American newspapers are still reporting facts to the people and acquainting them with their government in the hope that the American system will remain strong and free."

"The recent censorship order of President Truman shows that the Administration has things to hide which the press dare not explore," Shearer continued. "The President has scrapped freedom of the press for the sake of political security. This type of moral cowardice is not the stuff of which America was created. If our actions cannot be open to press and public scrutiny, do we deserve to be in office? Americans must make this decision at the polls next year if our fundamental liberties are to continue to guide the destiny of the nation."

Form Choir Club for Helix

Mrs. Eldene Whitney was elected president of the newly organized Choir Mothers of Helix High. Mrs. G. S. Sprague is secretary and Mrs. B. M. Van Fleet, treasurer.

The choir presented delightful numbers; Mr. Lewis, band master, gave suggestions for raising of funds; and Principal Hart told of the necessity for help from Helix High district for these projects, and expressed his appreciation of the support of parents and friends.

The typing committee will be Mrs. J. H. Dial, C. F. Shaw, Ford Bunch and G. I. Judy. Sewing committee is Mrs. Phil Gall, J. F. Jalliff, D. C. Berry, C. J. Vance, F. O. Beale, D. R. Renke, C. W. Quist and E. A. Moutseaux. Mrs. H. E. McKnight is refreshment chairman and Mrs. F. A. Farrow, publicist.

line will cover the specific achievements that should be mastered by the students during the current year.

Schedules of events in the various schools will be announced to the students and taken home in the form of written invitations. Many parents will no doubt take advantage of this opportunity to visit the new Golden Avenue School in Lemon Grove which opened last week.

Daily topics dealing with the week's theme, "Unite for Freedom," include Sunday, "Our Faith in God," Monday, "Schools and Defense," Tuesday, "Schools Keep Us Free," Wednesday, "Education for the Long Pull," Thursday, "Teaching the Fundamentals," Friday, "Urgent School Needs," and Saturday, "Home - School - Community."

The perfection and majesty of God's creation is contrasted with the dream of mortal existence in the Sunday Lesson-Sermon on "Adam and Fallen Man" in all Christian Science churches. One of Paul's declarations in his letters to the Ephesians (5:8,10) is the Golden Text: "Ye were sometimes darkness, but now are ye light in the Lord; walk as children of light - proving what is acceptable unto the Lord."

Dear Friend: In a spirit of friendliness and good will, I extend to you a cordial invitation to attend our Catholic Information Forum, held every Tuesday and Friday evening at 8 o'clock in St. John of the Cross Church Rectory. At this Forum we give a complete course of instruction in the Catholic religion to non-Catholics and Catholics. Every encouragement is given to free and frank discussion of differences, objections and difficulties.

You will be free to come and go as you please and no questions will be asked of you. Our course is so arranged that you can begin at any stage. You will be under no obligation to us in any way.

We also gladly invite you to our Church services, listed below. At each Sunday Mass a short sermon is preached on some point of Christian doctrine.
